

## Reflection Garden & Memory Wall

*Hospice of the North Coast's on-site **Reflection Garden** is a tranquil area, enhanced by the calming sounds of a water fountain. This space is reserved for friends and family to gather, to grieve, to remember, to heal. Standing as centerpiece in the garden is a **Memory Wall** dedicated to the special people in our lives.*

HNC is offering opportunities to honor loved ones with a personalized message inscribed onto a memory tile. Personal messages may be made in living tribute to or in memory of someone special, and tiles will be permanently placed on the Memory Wall for all to enjoy.
